

We are prepared to fight your corner

The environment surrounding HMRC compliance checks has changed

From 1 April 2009, HMRC's powers have increased dramatically.

They are now able to:

- ✓ Make inspections unannounced*
- ✓ Check your records before a tax return is filed
- ✓ Demand records without issuing a formal notice
- ✓ Ask third parties to check the accuracy of information
- ✓ Investigate direct taxes, VAT and employer compliance, since inspectors are now cross trained

Their aim is no longer to open full enquiries, but to target taxpayers and convince them to comply with HMRC underpayment estimates as quickly as possible. The most efficient way for them to do this is to demand early stage pre-return meetings.

Premier Protection protects you from the outset.....
